the album features songs from various artists spanning a wide range of styles, including rock, pop, alternative rock, soft rock, grunge, indie rock and alternative metal, from the mid 1980s to the mid 1990s. the album includes one song which was originally a single by guns n' roses entitled "sweet child o' mine". six of the songs were released as singles (one of which also appears on the band's greatest hits album). the most successful of these was "crack a bottle", which became their first billboard hot 100 top 10 hit in january 1988, reaching number 6 and becoming their only song to make the top 10 that year. another song of theirs, "close my eyes forever", also became a top 10 hit in 1988, at number 9. the other four music videos released off of this album were videos for "best days of my life", "blind", "the diary of jane" and "straight and clear". "best days of my life" was promoted by the soundtrack of the same name, which contained hits from the album and single. "straight and clear" was released as the lead single for the band's fourth studio album in 1994, the lost children, which was a commercial success. it is considered as one of the best groups in japan, and is considered the origin of the power-pop music that later gained popularity in the country. the band returned in 2002 with say anything, a commercially successful album that featured two top 10 hits: "miss me blind", which reached the number 4 spot, and "scars", which reached number 3. say anything marked a return to the band's power-pop roots and also marked the first time that they released an album without grunge. it received rave reviews, and was certified gold in japan, being one of the best-selling albums of 2002.
